VASSAR COLLEGE

Poughkeepsie, New York 12604

VASSAR UNIT SYSTEM

Vassar converted to a unit system in 1969 in order to bring crediting closer to what is educationally meaningful to each student. Each candidate for the Bachelor of Arts degree is required to complete 34 units of work, equivalent to the standard of 120 semester hours recognized by the Board of Regents of the State University of New York. The system of units is four-fold:

- The single unit, a course for one semester
- The half-unit, equivalent to one-half of a semester course taken over an entire semester or for a half-semester only
- The double unit, consisting of a year sequence of semester courses or the equivalent of a two-semester course in one term
- The unit and a half, earned in one course over one semester.

Therefore, if one must have a mathematical equivalent, a value of 3.53 credit hours per unit is obtained by dividing 120 credit hours by 34 units.

MARKING SYSTEM

Grades included in Average:

- A indicates achievement of distinction, 4 grade points for each course unit.
- B indicates general achievement of a high order, 3 grade points for each course unit.
- C indicates the acceptable standard for graduation from Vassar College, 2 grade points for each course unit.
- C-, D+, D indicate degrees of unsatisfactory work, below standard grade but, which is of sufficient quality and quantity to be counted in the units required for graduation from Vassar College, 1.7, 1.3, and 1.0 grade points for each course unit.
- F work evaluated as F may not be counted toward the degree.

Grades not included in Average:

- SA — Satisfactory — minimum passing grade is "C"
 - UN — Unsatisfactory
 - DS — Distinction — Applies to Senior Independent Work, 399; Independent Work, 298, as well as some Senior Thesis/Projects where department policy indicates they may be graded distinction.
 - IN — Incomplete with permission.
 - WD — Withdrawing from course after the official drop period. This grade bears no penalty.
 - WP — A grade assigned by the registrar to those students who successfully completed the first semester and subsequently withdrew from a full-year course.
 - NG — A grade given in all non-credit courses, such as Music Performance.
 - AU — Grade given to student auditing a course. No record of audited courses kept after 1967.
 - NA — Grade not available at this time.
 - PA — Pass — minimum passing grade is "C"
 - FL — Fail — (1978/77-1981/82)
- } Given for independent work,
reading courses and field work.
- } Given in courses elected under
Pass/Fail option or Non-Recorded option.

From 1937/36 through 1959/60, plus grades were used as intermediate grades with credit values: B+ = 3.5; C+ = 2.5; D+ = 1.5.

Beginning in 1960/61, minus grades were added to the marking system and plus grades were revised to new values: A- = 3.7; B+ = 3.3; B- = 2.7; C+ = 2.3; C- = 1.7; D+ = 1.3.

Beginning Fall, 2002, letter grades are recorded on the Vassar transcript for non-Vassar post-matriculation transfer work, but these grades are not included in the Vassar grade-point average. These grades appear with an asterisk preceding the grade.

GRADUATION REQUIREMENTS:

All undergraduates are candidates for the AB degree.
1935-1942: 64 points, equivalent to 120 semester hours.
1943-1968: 120 points (semester hours) were required.
1969/70 onward: 34 units required.
A 2.0 grade average both overall and in the Field of Concentration is required.
Semester: One semester is approximately fifteen weeks.
Vassar College abolished rank in class beginning with the 1971/72 academic year.
